OCCUPATION	UX Designer
LOCATION	Birmingham, UK

“ I design with all my heart, thinking about the users

Personality

Passionate

Curious

Empathetic

Adventurous

Bio

Jessica is a UX Designer that works for a Fortune 500 company in Atlanta, GA. Ever since she was a child, she loved to make stuff on her own and show them to her parents, friends and classmates. Over the course of her childhood and throughout her school, she won numerous design prizes at various well known competitions across the United States and Canada. Due to her passion for design, she decided to pursue a Master's degree in Human Computer Interaction and learn more about User Experience (UX) and how she can become a better designer.

Goals

- Become a freelance designer who can work from home
- Easily implement her design ideas, based on her researches and mock-ups

Core needs

- Looking for a furniture store that helps to properly equip home-office in order to cut down unnecessary time and effort
- Be able to get a minute for herself within working hours when looking for new ideas and inspiration

Frustrations

- There are too many furniture stores and independent retailers that forces her to spend time learning their products and prices
- Cannot rely on other people's opinion because they are highly subjective
- Certain projects and workload require different working hours and flexibility in working schedule
